

High Accuracy Humidity & Temperature Transmitters for Critical Environments

Common applications:

Compounding pharmacies
Industrial manufacturing cleanrooms
BSL & research laboratories
Operating rooms
Patient isolation rooms

- New humidity and temperature transmitters from Setra provide up to **1.5% RH pharmacy-grade accuracy**
- Their rugged design can withstand harsh environments:
 - **IP65/NEMA 4** housings
 - **isolated sensors** with proprietary protective coating
 - an **aluminum housing** option (SRH400) to withstand VHP (vaporized hydrogen peroxide) cleaning
- **Free, included configuration software** allows for easy setup and field offset adjustments via a laptop.
